Subject: Reclamation Schedule, State Stone, Unpermitted Quarries, M/055/021,  
Wayne County, Utah

Dear Mr. MacKay:

Thank you for your response to our May 25, 2004, letter. Your response says the Jensen family has no problem with you reclaiming the "red" or "west" quarry as we discussed in our May 18 meeting. It also says you will have grading work completed by July 31, 2004, with seeding done by November 1, 2004.

This schedule is acceptable and is hereby approved. Some stone has already been quarried at these sites, and you may remove this stone. No additional quarrying or expansion of the quarries is allowed until you have submitted notices of intention and reclamation bonds as discussed below.

Please contact the Division soon after you have completed the regrading work, and we will inspect the sites to determine how much area will continue to be used for your operations and how much reclamation bond is needed.

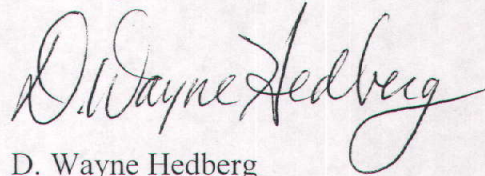

The notices of intention for these operations need to be submitted by August 16, 2004. The purpose of this deadline is to allow time for you to complete reclamation grading, for the Division to inspect the sites, and for you to then submit the notices. The bond amounts will be based on the unreclaimed acreage and an amount for revegetation of the regraded areas. This bond will need to be submitted by September 13, 2004.
